

Section 34 reporting table: to be used by suppliers for website publication of information relating to availability of gas

About the Gas Code

The *Competition and Consumer (Gas Market Code) Regulations 2023* (the Gas Code) commenced on 11 July 2023. The Gas Code's purpose is to facilitate a well-functioning domestic wholesale gas market with adequate gas supply at reasonable prices and on reasonable terms for both suppliers and buyers. The Australian Competition and Consumer Commission (ACCC) monitors and enforces compliance with the Gas Code.

Section 34 of Part 6 sets out a requirement for suppliers to publish information relating to the availability of gas. This section is a civil penalty provision.

See section 46 of the Gas Code which sets out a deemed exemption from the requirement in section 34 of the Code for gas EOs issued in respect of 2 or fewer persons.

The ACCC has made determinations in relation to suppliers' record keeping, publishing and reporting obligations under the *Competition and Consumer (Gas Market Code) Regulations 2023*.

The *Competition and Consumer (Gas Market Code) (Subsections 33(3), 34(3), 34(7) and 35(3)) Determinations 2023* was registered on the [Federal Register of Legislation](#) on 20 December 2023. The instrument is effective from 1 April 2024.
